Around My City: Describe and Compare Measurable Attributes (Paperback)

By Martha Sullivan

Rosen Classroom, United States, 2013. Paperback. Book Condition: New. 198 x 196 mm. Language: English . Brand New Book. Working with measurements and data is an essential skill for all math students. Readers are introduced to concepts like describing and comparing measurable attributes and sorting objects into categories. Each skill is explained with the help of accessible text and bright images. A relatable narrator takes readers on a trip through a city as they practice describing measurable attributes. This title, which adheres to the Common Core State Standards for Mathematics, expands upon standard K.MD.A.1.
