Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This title, whose end is meant to signify goal , brings John O Loughlin s theorizing to a very absolutist head that refines upon the pluralistic consistency of what had preceded it, in earlier titles, in relation to what he calls the administrative aside to and triadic Beyond of Kingdom Come . For the trend of globalization towards what could be called a unitive peak in a more genuine universality at the expense of both Western and Eastern traditions alike presages a transcendentalist resolution which cannot but be equally, if not more, absolutist, and thus beyond both humanist/nonconformist relativity and fundamentalist absolutism. Such, then, is the import of this work of aphoristic philosophy as it develops its revolutionary message for the proletariat and appears to enter into a more complete solidarity with proletarian internationalism, albeit of a non-Marxist character, than might formerly have been expected from this author, even as recently as a few years ago. In this respect, too, it signifies a worthy component in the long struggle for Truth which has characterized his oeuvre, both here and elsewhere over several decades of consistent philosophizing, with the end of a revolutionary transformation of society always in mind.
