The force of these contentions is emphasized in these cases, and in others of like nature, by the extreme difficulty and intricacy of the calculations which must be made in the effort to establish a segregation of intrastate business for the purpose of determining the return to which the carrier is properly entitled therefrom. THE VALUE OF EQUIPMENT. The equipment of a railroad furnishes a concrete example of physical property having other values and elements of value outside of its mere cost or market value. Without equipment the railroad could not be thrown into motion, while on the other hand the equipment without wheels would become like so many buildings--a fixed part of real estate. The value of a piece of Value should be apportioned to the kind of business done. Further element of value. Value of equipment. Equipment limited...
