Have you discovered what you are most passionate about? Discovery is the ability to comprehend something that you did not previously understand. Have you grasped who you really are? Not what you do, where you live, or who you are in a relationship with—none of these define who you are. People have attempted to define God and themselves through religion, but religion is only a human attempt to encounter God on our own terms. Religion is boring; it has been unable to capture the heart and imagination of who God is. The Bible has plenty to say about who He is, who man is, and how we can live our lives with passion, purpose, and fulfillment. This is what Bobby Coleman brings to light. Laying hold of the truths within this book will help you discover the limitless expanse of who God is and how He functions in order to benefit your life. It is time to Consider the Squirrel! This book should be in everyone's personal library! Chaplin John R. Tumino, Founder of In My Father's Kitchen Bobby provides an easy-to-follow path for seekers or believers. Hector L. Melendez, Lieutenant Colonel, United States Marine Corps (Retired).
