Choices for Later Life provides readers with a much-needed practical, workable and realistic approach to the life choices and new opportunities that face us when we reach our fifties and beyond. Everyone is different - our circumstances, our family, our needs, our dreams, our dilemmas. What is common to most of us is that there comes a time when we want to make changes to our lives and grasp new opportunities or have to make adjustments and face new challenges. Marie Lacheze writes for all men and women over a certain age. Marie Lacheze has talked to hundreds of people and has found that there is no easy definitive answer to these most pressing questions. She sets out the concerns she has heard expressed most often and offers up ideas and insights to trigger a debate and help you arrive at the right answer for you. She provides case histories, checklists and possible options and suggests the steps you might take to make the best choices and decisions for you.
